

WE REVAMP YOUR CRANE SYSTEM!

## OUR RANGE OF SERVICES INCLUDES:

- Survey (inspection, measurement) of existing crane installations incl. documentation and recommendation of measures to be taken
- Maintenance measures, repairs, replacement of crane rails
- Own engineering from on-site measurement to design till final workshop drawing
- Static calculation according to Eurocode
- Manufacturing of crane runways, crane girders and crane runway supports (EN 1090 till EXC 4)
- Disassembly and assembly

## YOUR ADVANTAGES:

- Ensure availability by renewal of the existing installation
- Full-Service-Provider: engineering, manufacturing and assembly from one single source
- High individual unit weights and component dimensions are possible because of in-house production and company owned canal port with connection to all European water ways
- Short assembly times because of a high degree of prefabrication
- 24/7 Service-Hotline – short reaction times in the event of repairs
