

STEEL AND ROLLING MILL

WE ARE YOUR SERVICE PARTNER FOR STEEL AND ROLLING MILLS

OUR SERVICES:

- Assembly of complete plants
- Disassembly and assembly of individual machines or components
- Delivery and assembly of supporting structures (from platforms up to complete storage towers)
- Complete construction site management incl. coordination of additional services
- Maintenance during plant shutdowns
- support by security personnel

YOUR ADVANTAGES:

- Long-term experience in assembling, rebuilding and repairing of steel and rolling mill equipment
- Reduction of interfaces and thereby downtimes because planning, production and assembly are from one single source
- Cooperation with well-known plant manufacturers
- Short-term repair possible of components in our own workshop
- 24/7 Service-Hotline – short reaction times in the event of repairs
